RE: 2023 Tax Increment Financing Report for the City of Lincoln

Dear Lincoln/Lancaster County Taxing Jurisdiction Member:

In March of 2018, Governor Ricketts signed into law an amendment to the Nebraska Community Development Law (Neb. Rev. Stat. 18-2101 et. seq.), which governs municipal tax increment financing ("TIF"). Neb. Rev. Stat 18-2117.02 now requires redevelopment authorities to make an annual report regarding TIF projects on or before May 1 of each year.

You are receiving this report because of your position as an official of a political subdivision for which taxes are being divided. The governing bodies receiving this report include:

- Lincoln/Lancaster County Board of Commissioners
- Lincoln Public Schools
- Education Service Unit #18
- University of Nebraska – Lincoln
- Southeast Community College
- Lower Platte South Natural Resource District
- Lancaster County Assessor

For further information about TIF and how it is used in the City of Lincoln, please contact Peter Hind, Director of Urban Development, at 402-441-7126 or urbandev@lincoln.ne.gov.

Sincerely,

Peter Hind
Director
Urban Development

LINCOLN
Urban Development

2023 Annual TIF Report

Prepared by City of Lincoln,
Urban Development Department
May 1, 2024

Introduction

The City of Lincoln Urban Development Department serves as Lincoln's Community Redevelopment Authority. Developers seeking the use of Tax Increment Financing ("TIF") are guided by Urban Development Department staff through an extensive process of review involving multiple City departments, the Lincoln-Lancaster County Planning Commission, City Council, and the Mayor. In addition to being evaluated based on zoning regulations, land utilization, and compliance with ***PlanForward: 2050 Comprehensive Plan***, TIF projects must meet criteria stated in the Nebraska Community Development Law and the ***City of Lincoln TIF Policy***. The City of Lincoln TIF Policy divides projects into Core and Outer areas, each of which have additional requirements.

Core TIF Requirements

In addition to being in an area declared blighted and substandard, all Core Area TIF Projects must be located inside the 1970 Lincoln corporate boundaries. Areas outside the 1970 boundaries must be declared extremely blighted to qualify as Core Area TIF. The Project must achieve ***at least one*** of the following goals:

- Benefit low and moderate-income people or areas.
- Redevelop a building or site that displays a preponderance of substandard conditions or blight as defined by Nebraska state law.
- Redevelop a site that has displayed a pattern of declining real property assessments, as measured by the Lancaster County Assessor's Office.
- Rehabilitate a designated city landmark, a building listed on or eligible for listing on the National Register of Historic Places, or a building located within a local landmark district.
- Show exceptional potential to attract additional reinvestment in adjacent blighted or substandard areas.
- Substantially improves the energy efficiency of an existing building.
- Develop new housing opportunities, including affordable housing.
- Relocate an existing business from an area where it is incompatible with existing or proposed zoning, improves traffic flow, and/or, addresses other conflicts that require relocation.
- Supports the location of a new business or the expansion of an existing business that adds to Lincoln's existing tax base.
- Contributes to the solution of a unique public problem that may not otherwise be resolved within the timeframe or in the manner necessary to meet a public service or public facility need.

If the project is in an area designated extremely blighted, projects may be eligible to use the extended repayment period of up to 20 years, if the project meets certain goals, including providing additional support toward access to affordable housing and improving floodplain resiliency of the redevelopment site.

Outer TIF Requirements

All Outer Area TIF projects are located in blighted and substandard areas outside the 1970 Lincoln corporate boundary and not classified as extremely blighted. Outer TIF projects are generally located near the City's perimeter and are usually unimproved areas that lack infrastructure, which stymies private redevelopment. Outer Area TIF Projects should achieve **at least one** of the following goals:

- The project involves a new business or the expansion of businesses that increase Lincoln's existing tax base by generating new primary employment. (Primary employers are businesses that have out-of-county sales greater than 50% of their total sales and will have a median wage for its new employees equal to or in excess of 105% of the average starting wage for Lancaster County.) The City, in furtherance of appropriate growth, may include adjacent or nearby sites in a project area in addition to the primary employer's site.
- The project relocates an existing business from an area which is incompatible with existing or proposed zoning, improves traffic flow, or addresses other conflicts that require relocation.
- The project extends public infrastructure and/or public services identified in an approved City Plan, but for which funding has not been identified.
- The project improves the availability of affordable housing.
- Contributes to the solution of a unique public problem that may not otherwise be resolved within the timeframe or in the manner necessary to meet a public service or public facility need.

Four Phases

To successfully comply with Nebraska Community Development Law and City process, both Core and Outer Area projects generally move through four phases:

Phase One: Be located in an area officially designated as blighted and substandard.

Phase Two: Be part of an officially approved redevelopment plan, which includes acknowledgement that the project would not be feasible without the use of TIF.

Phase Three: Complete an officially approved redevelopment agreement that delineates the public improvements to be funded using TIF.

Phase Four: Upon substantial completion of the redevelopment project, Urban Development staff send a "Notice to Divide" to the Lancaster County Assessor who then begins to separate the TIF funds from the property taxes paid.

In Lincoln, Phases One and Two include notice to the public and to taxing authorities, review by the Lincoln-Lancaster County Planning Commission, and approval by City Council and the Mayor. Phase Three is reviewed and approved by City Council and the Mayor.

To meet statutory requirements outlined in the Nebraska Community Development Law, this report includes information on the following: percentage of the City designated as

blighted/substandard, current redevelopment projects for which an agreement has been approved, and submitted notices to divide. For additional information, please review a [similar report completed by the Nebraska Department of Revenue](#).

2023 TIF Activity

Blight and Substandard Designation: City Council adopted three new blighted and substandard areas in 2023: Industrial Avenue Redevelopment Area; 56th, 70th, and Fletcher Redevelopment Area; and, College View Redevelopment Area. The Kinney Industrial District Redevelopment Project is located in the Industrial Avenue Redevelopment Area; all other 2023 proposed redevelopment projects were in areas already designated as blighted and substandard. Within Lincoln’s city limits, approximately 7.36% of the area is designated as blighted and substandard (not also extremely blighted) and counts towards our maximum cap of 35%. [Nebraska Revised Statutes section 182103](#) states that areas which have been designated as extremely blighted do not count toward a city’s maximum blight percentage.

Redevelopment Projects: In 2023, nine redevelopment agreements were approved.

- Lincoln Logistics
- Foxtail Meadows Phase I
- Lincoln Bold
- Union at Antelope Valley
- 27th and Starr
- NW 48th and Holdrege
- North Haymarket Arts and Humanities Center Phase III
- Epworth Church
- Kinney Industrial District

2023 Notices to Divide: In 2023, 15 Notices to Divide were processed.

- Cotswold Building
- Sharp Building
- 2 Landmark Centre
- Central Lumber
- Antelope Square Apartments
- Revolution Wraps
- Instinct
- 23rd and Y
- Sky Park Apartments
- CenterPointe South Street
- Pedestrian Crossing and Van Dorn Park Enhancement
- Atrium

- Hepburn Square
- Tabitha
- Telegraph Lofts West

Completed TIF Collections

The collection on five projects were completed in 2023: Turbine Flats, Sawmill Building, Rosewood Hotel, Perot Systems, and Lincoln Flats/Bank of the West.

Overview of Active TIF Projects

As of December 31, 2023, there were 111 active TIF projects in the City of Lincoln, 95 of which are collecting divided taxes. See the attached table for details on active projects, including approved TIF investment, private investment, total project costs, estimated value, and 2023 TIF district assessed value for each TIF district, as applicable.

TIF District	Resolution & Amendment Numbers	Year Taxes Divided*	Final Year of Collections	Project Name	Negotiated TIF	Private Investment	Total Estimated Project Costs	Projected Value	2023 County Assessor TIF District Value
